To Whom it May Concern:

I am the Chief Financial Officer for Oxford Learning Centres, Inc. We are the franchisor for Oxford Learning Centres internationally.

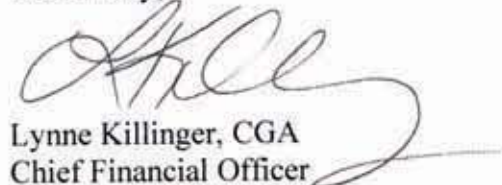

We implemented Dynac Budget in the fall of 2004. We chose Dynac over Budget Maestro and Prophix due to the hands on approach that Gary and his team provided. I have said many times that if I had chosen one of the other products, I am sure it would be sitting on a shelf unused today. From the first installation of DynacBudget to the fifth company installed on DynacBudget Gary and his team have walked us through each set up and have ensured that everything is working.

Over the past three years they have continue to improve their product and have introduced DynacViews, Consolidator and Account Manager. We have implemented each product as it became available. Each product and product update has made the time that I need to spend on budgeting and reporting significantly less.

In closing I would like to say that in addition to the great products that make up DynacTools, the customer service that is provided by Gary and his team is second to none. They are available by phone, by remote PC and they will travel to meet with you in person.

If you would like to discuss DynacTools please contact me at 519-473-1207 ext. 114.

Yours truly,
